

PRODUCT SPECIFICATION SHEET

Piusi Self 3000 Manual Fuel Nozzle

BRAND:

FEATURES:

Manual
Nozzle

Flow Rate:

150lpm

Product Description

The Piusi Self 3000 is a manual fuel nozzle designed for the dispensing of diesel and oil at high flow rates and pressure conditions. This oil and diesel nozzle is a cost effective solution suitable for any type of pumping system that operates with 150 litres per minute.

Manufactured with a resistant aluminium body enclosed in a anti-shock plastic shell that increases the nozzle's ease of handling by making the grip comfortable even when used at low temperatures.

Features

- Manual Fuel Nozzle
- Plastic anti-shock handle protector
- Suitable for diesel and oil
- Die cast aluminium body
- Maximum flow rate: 150lpm
- Supplied with 1" F BSP swivel

Part Number	Description	Specifications
P8-650000	Piusi Self 3000 Oil and Diesel Nozzle	<ul style="list-style-type: none"> • Max Flow Rate (lpm) - 150 • Max Pressure (Bar) - 10 • Spout OD (mm) - 20 • Body material - Aluminium Alloy • Seal material - HNBR • Inlet - 1" F BSPP Swivel • Manual • Diesel and Oil
P8-65001A	Piusi Self 3000 Oil and Diesel Nozzle - Unleaded	<ul style="list-style-type: none"> • Max Flow Rate (lpm) - 150 • Max Pressure (Bar) - 10 • Spout OD (mm) - 20 • Body material - Aluminium Alloy • Seal material - HNBR • Inlet - 1" F BSPP Swivel • Manual • Diesel and Oil
P8-65003A	Piusi Self 3000 ATEX Fuel Nozzle	<ul style="list-style-type: none"> • Max Flow Rate (lpm) - 150 • Max Pressure (Bar) - 10 • Spout OD (mm) - 20 • Body material - Aluminium Alloy • Seal material - HNBR • Inlet - 1" F BSPP Swivel • Manual • Diesel, Petrol and Kerosene
