### BRAND

## DESCRIPTION

ZVA is recognised as the best brand on the market across the UK and their nozzles are found on most forecourts. With a max flow rate of up to 140lpm, this high speed model is perfect for refuelling light vehicles as fast speeds.

These nozzles are manufactured with durability in mind, equipped with a stainless steel spout and a no. 4 nozzle guard to prevent wear and tear. This nozzle comes with a sensor in the spout which shuts off when the fuel tank is full, this prevents any overflow and damaging spills.

## FEATURES

- Automatic fuel nozzle
- Maximum flow rate: 140ltr Per Min
- 1" BSPF swivel inlet
- Suitable for diesel and petrol
- ATEX, EN13012 and TUV-SUD approved
- For electric pumping systems only
