DESCRIPTION

Piusi have added the K600 B/3 Fuel Pulse Meter to their extensive range, featuring a larger 80mm digital display screen for easier reading and viewing. The Piusi K600B/3 diesel pulse meter and obtains the same functions as the flow meter, with the addition of sending the meter's reading to a system elsewhere – such as a fuel management system or a computer equipped with the appropriate software. Thanks to its integrated visual display, the K600 B/3 is the first pulse meter from Piusi that doesn't require a remote display in order to view transactions at the dispensing point.
