## DESCRIPTION

The Piusi Self 3000 is a manual fuel nozzle designed for the dispensing of diesel and oil at high flow rates and pressure conditions than the Self 2000. This oil and diesel nozzle is a cost effective solution suitable for any type of pumping or gravity system that operates within 150 litres per minute. These reliable Self 3000 fuel dispensing nozzles are constructed of strong die cast aluminium, and are equipped with a plastic anti shock body/handle protector for added comfort. The Piusi Self 3000 is a popular refuelling nozzle with agricultural and plant customers where in the field refuelling is common.

## FEATURES

- Manual fuel nozzle
- Plastic anti-shock handle protector
- Integral hook for hanging without a holster
- Suitable for diesel and oil
- Die cast aluminium body
- Maximum flow rate: 150ltr Per Min
- Supplied with 1" F BSP swivel
