## DESCRIPTION

The Piusi Viscomat DC gear oil transfer pump is compact in design and easy to install. These oil transfer pumps can be installed as mobile oil pumps on vehicles, or fitted onto battery equipped trolleys where electricity is not available, or a mobile power source is required. The Piusi pump can also be used to carry out oil transfer in yards, ports, and onboard vehicles or boats. There is also a pressure switch version available of these 24v and 12v fuel transfer pumps, which enables the delivery of oil without the inconvenience of having to start or stop the oil transfer pump.

## FEATURES

- Self-priming Viscomat oil transfer pump
- Incorporated adjustable bypass valve
- Viscosity 50-2000cSt (600cSt for 60/2 models)
- 30 minute duty cycle
- On/off switch or pressure switch versions available
- Available in 12v/24v
- Aluminium body & sintered steel gears
- Flow rate: 4-10ltr per min (depending on model)
- Maximum fluid temperature of 70°C
- 1/2" and 3/4" F BSP inlet/outlet
- Protection grade: IP55
