DESCRIPTION

The Piusi Viscomat Flowmat oil transfer pump with pressure switch combines the typical characteristics of gear pumps with the convenience of an automatic switch-off at the end of delivery. This allows the user to activate the fuel transfer pump without worrying about the need to switch the motor on and off. The performance of this Piusi pump guarantees good flow rates with high pressures, no pulsing, regular flow and silent operation. These oil transfer pumps can be used for both feeding single delivery points (with or without reels), and on fixed distribution systems.

FEATURES

- Self-priming Viscomat oil transfer pump
- Pressure switch with incorporated safety valve
- Incorporated bypass valve & NBR lip seal
- Viscosity 50-2000 cSt
- Continuous running
- Protection grade: IP55
- Aluminium body & sintered steel gears
- Smooth flow & high suction capacity
- Flow rate: 9-14ltr per min (depending on model)
- Maximum fluid temperature of 70°C
- 1" F BSP
- Available in 230v

PART NUMBER	DESCRIPTION	SPECIFICATIONS	PRICE
P8-302000	Piusi Viscomat Flowmat Oil Transfer Pump 200/2	<ul style="list-style-type: none"> • Max flow (lpm) - 9 • 230v 50Hz • Pressure (bar)-(psi) 6-87 • Ports – 1" F BSP • Viscosity – 50-2000 cSt • Pressure switch 	£562.31
P8-302040	Piusi Viscomat Flowmat Oil Transfer Pump 230/3	<ul style="list-style-type: none"> • Max flow (lpm) - 14 • 230v 50Hz • Pressure (bar)-(psi) 12-174 • Ports – 1" F BSP • Viscosity – 50-2000 cSt • Pressure switch 	£637.63
P8-302060	Piusi Viscomat Flowmat Oil Transfer Pump 350/2	<ul style="list-style-type: none"> • Max flow (lpm) - 9 • 230v 50Hz • Pressure (bar)-(psi) 25-362 • Ports – 1" F BSP • Viscosity – 50-2000 cSt • Pressure switch 	£637.63
