BRAND

DESCRIPTION

Our complete kit for pumping DEF/AdBlue® - We have come up with a complete solution for pumping AdBlue including pump, flow meter, nozzle and hose.

You can purchase below various combinations of the kit to include the parts that you want in your kit.

The Basic Kit comprises of a 230v transfer pump (30lpm), 4 meters of delivery hose with the choice of nozzle (manual or automatic), 1.5 meters of reinforced suction hose complete with a stainless steel non return valve. Please choose your options below for your pump voltage, nozzle type and why not add a flowmeter.

FEATURES

- Suitable for dispensing DEF/Urea/AdBlue®
- Max flow rate 30 litre per minute
- Pump can be installed vertically or horizontally
- Temperature Range -10 - +50c
- 230v, 12v, 24v & 110v voltage range
- IP rated pump and flow meter
- Flow meter: 5-120 Litres per minute
- Accuracy +/- 1%

PART NUMBER	DESCRIPTION	SPECIFICATIONS	PRICE (EX. VAT)
AB230-30-FMMN	230v Pump w/ Manual Nozzle & K24 Flow Meter	<ul style="list-style-type: none"> • Pump Voltage: 230V • Nozzle: Manual Nozzle • Flow Meter: Piusi K24 Flow Meter • Hose: 1.5m Suction / 4m Delivery 	£310.27
AB230-30-KMN	230v Pump w/ Manual Nozzle	<ul style="list-style-type: none"> • Pump Voltage: 230V • Nozzle: Manual Nozzle • Hose: 1.5m Suction / 4m Delivery 	£195.15
AB230-30-FMAN	230v Pump w/ Automatic Nozzle & K24 Flow Meter	<ul style="list-style-type: none"> • Pump Voltage: 230V • Nozzle: Automatic Nozzle • Flow Meter: Piusi K24 Flow Meter • Hose: 1.5m Suction / 4m Delivery 	£419.62
AB230-30-KAN	230v Pump w/ Automatic Nozzle	<ul style="list-style-type: none"> • Pump Voltage: 230V • Nozzle: Automatic Nozzle • Hose: 1.5m Suction / 4m Delivery 	£304.50
AB012-30-FMMN	12v Pump w/ Manual Nozzle & K24 Flow Meter	<ul style="list-style-type: none"> • Pump Voltage: 12V • Nozzle: Manual Nozzle • Flow Meter: Piusi K24 Flow Meter • Hose: 1.5m Suction / 4m Delivery 	£310.27
